Cocktails: 6:00 pm

Dinner: 7:00 pm

Otolaryngology - Head & Neck Surgery
UNIVERSITY OF TORONTO

COURSE DESCRIPTION

This course is designed for the practicing otolaryngologist who wishes to enhance his or her knowledge of various topics spanning the different subspecialties of otolaryngology – head & neck surgery. The material will be presented via didactic lectures followed by audience participation in question and answer sessions along with panel discussions on management of interesting cases.

Please join us the evening before the OtoUpdate to catch up with friends and colleagues at our *Alumni & Friends Dinner* on Friday, February 21, 2020 at the University of Toronto's Gallery Grill. We will be honouring the resident class of 1994. All alumni, faculty, residents, fellows, colleagues, spouses and significant others are most welcome to attend.

COURSE OBJECTIVES

After active participation in this update meeting, participants will be able to:

- Discuss the various surgical approaches to septoplasty
- Describe the current anesthesia guidelines for the monitoring of post-operative patients with OSA
- Improve physician-physician communication and safe transfer of care of patients
- Assess the safety of pain medication use in following pediatric tonsillectomy
- Recognize various otology conditions via an interactive clinical photo and audiogram session
- Discuss the pros and cons of open vs endoscopic ear surgery

REGISTRATION AND PAYMENT

Disclosure

Speakers and Planning Committee members will be requested to disclose any real or apparent conflict(s) of interest that may have a direct bearing on the subject matter of the program.

Accreditation

Continuing Professional Development (CPD), Faculty of Medicine, University of Toronto, is fully accredited by the Committee on Accreditation of Continuing Medical Education (CACME), a subcommittee of the Committee on Accreditation of Canadian Medical Schools (CACMS). This standard allows CPD to assign credits for educational activities based on the criteria established by The College of Family Physicians of Canada, and the Royal College of Physicians and Surgeons of Canada. As a result of a reciprocal agreement between the Royal College of Physicians and Surgeons of Canada, The American Medical Association, and The European Union for Medical Specialists, CPD is permitted to assign respective credits.
