Fall/Winter 2016

Chair's Message...

The last six months in our department have been very dynamic with many highlights on the following pages. Please join me in congratulating Dr. Peter Adamson who was recently appointed to the Order of Ontario. In September we celebrated the amazing career of Dr. Julian Nedzelski who recently retired. We welcomed two new faculty at Sunnybrook. The first is Dr. Trung Le MD, PhD, a new otologist/neurotologist with interest in basic science/translational research related to cochlear implantation. The second is Dr. Andrew Dimitrijevic PhD, a research scientist with particular expertise in electrophysiology. They join the already fantastic otology and hearing research program at Sunnybrook which is growing under the leadership of Dr. Joe Chen.

Dr. Andrew Dimitrijevic

Dr. Trung Le

Two new chairs were established in the department. The first is the endowed Jordan and Lisa Gnat Family & Bastable Potts Chair in Otolaryngology at SickKids with the first chair holder, Dr. Blake Papsin. The second term chair at St. Michael's Hospital is the Nicole Muzzo Voice Chair with the chair holder being Dr. Jennifer Anderson.

Our undergraduate medical education teaching evaluation scores continue to be excellent. Our community academic faculty have helped tremendously in teaching more than half of the third year clerks in community sites.

We welcomed five new PGY1 residents on July 1st who are integrating seamlessly into our department - Drs. Neil Arnstead, Christopher Hong, Florence Mok, Christopher Noel and Jennifer Siu. In addition we welcomed the new fellows on July 1st - Drs. Monica Kieu and David Sarcu (FPRS), Drs. Wael Hassan, Lenka Stankova, Peter Vosler and Han Zhang (H&N Oncology), Dr. Richard Townsley (Laryngology), Dr. Meirav Sokolov (Medical & Surgical Otology/Neurotology), Dr. Faisal Zawawi (Pediatrics) and Dr. Ben McArdle (Rhinology, Skull base and H&N Oncology).

Our residency and fellowship programs continue to excel and Dr. Paolo Campisi has done a phenomenal job in organizing a most successful pilot program in competency based education for

Chair's Message continued...

our PGY1s. Our specialty will be launching the Royal College's Competency by Design program across all Canadian programs on July 1, 2017 and Dr. Campisi has us well positioned to take on this exciting new challenge in residency education.

We have had many great continuing education courses led by Dr. Yvonne Chan and have many more planned in the second half of this academic year. I would like to invite everyone to our upcoming CPD events including the Annual Alumni & Friends Dinner on Friday February 3, 2017. We will be celebrating the Class of 1991 (Drs. Warren Giberson, David Goldfarb, Jonathan Irish, David Tees and Peter White). We have a Sleep Medicine Symposium during the day on February 3rd and our Annual Otolaryngology Update on Saturday February 4th. We are also holding the Second Annual Joseph K.H. Wong/Smile China Lecture on Thursday January 12th featuring members of our department who participate in humanitarian missions.

I am 4.5 years into my five-year term with the usual external review scheduled on February 27-28, 2017. Dr. Paul Kerr from Manitoba and Dr. Marion Couch from Indiana are the external reviewers. I want to thank all of the residents, fellows and faculty who are participating in this most important exercise to make our department stronger.

Wishing everyone a wonderful holiday and a fantastic new year!

Sincerely,

Ian

Faculty News, Honours and Awards

Please join me in congratulating Peter who was recently named as a 2016 Appointee to the Order of Ontario.

The award recognizes Dr. Adamson for being “an internationally recognized facial plastic and reconstructive surgeon whose techniques are taught worldwide and who regularly leads teams of plastic surgeons on medical missions through his Face the Future Foundation.”

The announcement is available at the following link:
<http://bit.ly/2hNIIIna>

Dr. Peter Adamson

Jamil Asaria

Was recently elected as the Canadian Director for the American Academy of Facial Plastic and Reconstructive Surgery Board of Directors

Congratulations

Yvonne Chan and the Rhinology & Allergy Education Committee were selected as a recipient of the American Academy of Otolaryngology-Head and Neck Surgery's *2016 Committee of Excellence Award*

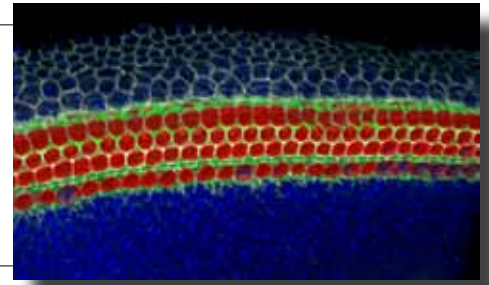

Sharon Cushing is the recipient of the *2016 Dean's Rising Star Award* from the Faculty of Medicine, U of T. View a video about her accomplishments here:
<https://youtu.be/BDZmuM-iudc>

Alain Dabdoub's

research on **hair cell development** was highlighted by Sunnybrook.

Read the entire article here: <http://bit.ly/2eUpICb>

Congratulations !!

John de Almeida

After a successful review by the DAC on Sept 22, 2016, John has been recommended for a full-time continuing appointment.

Danny Enepekides

Is the recipient of the *9th Annual Leo N. Steven Excellence in Leadership Award* at Sunnybrook Health Sciences Centre

Patrick Gullane

Was the **Conference Chair Guest of Honour** at the

9th International Conference on Head and Neck Cancer of the American Head and Neck Academy held this past July 16-20 in Seattle, Washington. Jonathan Irish was the Conference Chair.

L to R: Drs. Ian Witterick, Pat Gullane, Mark Shrime, Ralph Gilbert

Congratulations !!

Robert Harrison

To all who have taken an interest in his (vanishing) hobby (not so obscure for Arnie Noyek)...

Here is the newly rebuilt indoor garden railway for 2016!
ENJOY - - <https://youtu.be/t3JxS6B8j0E>

Jonathan Irish

Gave the **Eugene N. Myers International Lecture on Head and Neck Cancer** at the 2016 Annual Meeting of the American Academy of Otolaryngology-Head and Neck Surgery held September 18-21 in San Diego, California.

and

Jon was honoured for his **15+ years of leadership as Chief of Surgical Oncology for UHN/SHS**.

An event was held on October 3, 2016 at the PMCC.

Many family, friends and colleagues were in attendance and gave Jon glowing accolades for his amazing accomplishments including the creation of surgical oncology wait time metrics, improving access to surgical care and numerous quality initiatives.

"He has been an incredible champion for surgical oncology at UHN/SHS and will continue in his role as Provincial Head of the Surgical Oncology Program for Cancer Care Ontario"
~Ian Witterick

2016 Basketball Night

**Held on December 19, 2016
at Ryerson University.**

Click here to watch the event promo video:
<http://bit.ly/2hVPNmy>

The competition was fierce!

The Department of Otolaryngology-Head & Neck Surgery's BASKETBALL NIGHT took place December 19, 2016 at Ryerson University's Lower Gym. The game was cut short by an unfortunate injury to the faculty's star player. The faculty and a few "ringer" fellows (Jeff Blumberg, Caitlin McMullen and Han Zhang) were doing so well against a much younger resident/fellow team who were putting up a valiant effort. In the end, the outcome was undecided. Congratulations to all of the players including our faculty – Paolo "Director of the Court" Campisi, John "Diesel" de Almeida, Eric "The Mailman" Monteiro, Al "The Volcano" Vescan and capably coached by Jeremy "The Terminator" Freeman. Until next time...

Events

We held a number of successful events including:

Where are they now...What are they up to... Graduating class of 2016

Tony Eskander

Since graduation, Tony has moved to beautiful Columbus, Ohio to complete a head and neck oncology and reconstructive surgery fellowship at The Ohio State University.

I am having a great time and learning a ton including complex ablation, free flap reconstruction, a variety of regional flaps and transoral robotic surgery. I am very thankful for the excellent training I received during residency and often hear the voice of my mentors in Toronto while operating here in Ohio.

I've had a chance to soak in some American pastimes, particularly as it relates to football. My wife and boys, Luke and Mark, have not been able to join me in Columbus yet but may be joining in the new year.

We are happy and excited to announce that we are expecting a girl in December.

Sarah Hugh

Since completing residency Sarah has been practicing General Otolaryngology at clinics in Toronto and Vaughan.

Sarah and Benjamin

Kayvan Nateghifard

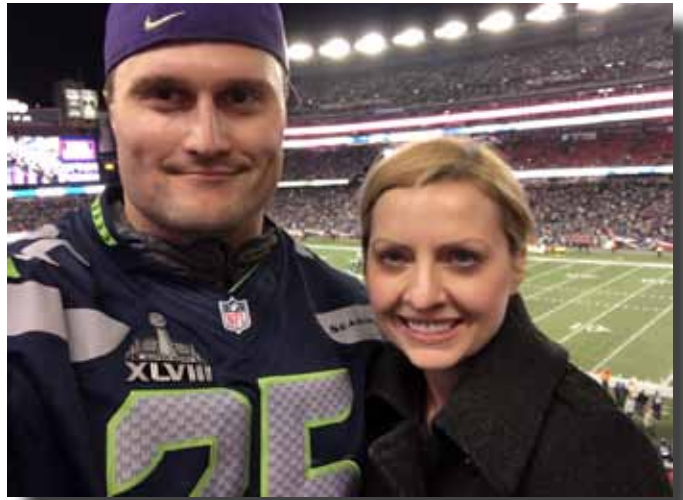

Kayvan has been enjoying post-exam life, working a general practice locum out of Markham Stouffville.

Kayvan and Dalia

Heather Osborn

...living “flappily ever after” in Boston where I’m doing a head and neck oncology fellowship at Harvard. I am spending my spare time attending Patriots games and eating lobster.

Adam and Heather

Dupe Oyewumi

.....working a locum at Markham Stouffville.

In my spare time I have been an avid crochet-er and bootcamp go-er (haha).

Edward Park

Working a locum at Southlake Regional Health Centre.

Clara and Ed

Nikolaus Wolter

Nik is doing a fellowship in Pediatric Otolaryngology at Boston Children’s Hospital.

So far it has been great! I am learning something new everyday and the challenges keep on coming. I am really relying on the strong foundation provided by my training at U of T. Thanks everyone!

Jonathan Bernstein Head & Neck Fellowship grad of 2016

....recently got a consultant post at Imperial in London.

I look forward to starting on 12th September. Dina and I are both thrilled to be working at the Trust and look forward to collaborating with the UoT departments. I am very grateful for my comprehensive and extensive fellowship training and shall be putting it to good use.

Christopher Chin Rhinology Fellowship grad of 2016

Since I completed my fellowship, I have set up my practice in Saint John, New Brunswick. It has been very busy so far! I have a pretty diverse practice so far. I do everything from tubes and tonsils up to pituitary tumours and larger head and neck resections... you could say I've been putting my fellowship skills to good use!

Chris and his wife Miranda with Charlotte, and their dog Tony

Kristian Macdonald Rhinology Fellowship grad of 2012

Kristian and Ashley Macdonald, Austin (3), Valerie (1) and Ollie. Kristian was a Fellow graduating in 2012 and now is on faculty at the University of Ottawa.

Edilberto O. Pelausa

By America's castle for Independence Day watching spectacular fireworks with my son, Alex, who aced school this year and is moving up to Middle School!

Alumni Receptions

Monday July 18, 2016 at the Annual Meeting of the AHNS in Seattle, Washington

Tuesday September 20, 2016 at the Annual Meeting of the AAO-HNS in San Diego, California

Departmental Advancement Campaign

Our department at Michael Garron Hospital (MGH) has received 2 directed donations.

Ralph and Rose Chiodo donated \$250,000 towards the new otolaryngology-hns clinic at MGH (picture).

The second was from Paul Lacono for \$10,000.

I am very pleased to share that **Mark and May Allison** made a generous gift to honour Dr. Ralph Gilbert for his role in caring for and treating their daughter Carley (pictures on the right). This is their way to recognize Dr. Gilbert as a surgeon and Professor, and create a lasting legacy of their gratitude.

They established **The Ralph Gilbert Award** in support of MD students in need of financial assistance. This award also benefits from a matching opportunity offered by the University of Toronto called the Boundless Promise Program. New awards established for undergraduate students in financial need are eligible for a 1:1 match from the University.

Annual Barberian Fundraiser Dinner
Barberian's Steak House, Toronto

International Outreach

Rural Ear, Nose and Throat Foundation

...dedicates itself to serve the underprivileged poor and disable.

The service is mainly offered in community hospitals (or district hospitals), especially the rural areas where economic status is low and transportation is problematic, or have an issue in ear diseases.

From November 15-19, 2016, Dr. Rutka's otology/neurotology fellows Meirav Sokolov, Tom Mawby, Ophir Ilan (former fellow), and PGY-5 resident Gordon Tsang took a brief departure from their regular clinical duties to join the Thai Rural Ear, Nose and Throat Foundation on a medical mission to assess and treat ear disease in rural Thailand and Laos PDR. Organized by Dr. Paninee Charusripan (otology/neurotology fellow with Dr. Rutka 2012-2013), the well-established mobile unit set up ear camps in Buntharik District Hospital, Ubon Ratchatani, Thailand and in Pakse and Paksong Hospitals, Champasak, Laos PDR. Within only two albeit long days, more than 1000 patients were seen and approximately 70 tympanoplasties, approximately 4 mastoidectomies, and a small number of myringotomy and tube insertions were performed.

Above: Taken outside of Paksong Hospital, Laos PDR. Members and founders of the Thai Rural ENT unit with local hospital staff, and University of Toronto contingent.

Tom Mawby assessing a patient in the makeshift outpatient clinic at Buntharik Hospital.

Surgery

Underserviced Areas Program

Dryden, Ontario

Dr. John Rutka

Jason and Chris had an absolute fantastic time in Dryden, together, seeing over 200 patients in clinic and carrying out 24 surgeries. From a resident perspective, it was a wonderful chance to operate independently on basic ENT procedures while working up some interesting cases in clinic. There was lots to learn, including Dr. Rutka's wealth of knowledge on Northern Ontario and history.

*L to R:
Christopher Yao, John Rutka & Jason Xu*

In Memorium

Aongus Curran

passed away on August 13, 2016.

Aongus was Professor of Oto-Rhino-Laryngology at the University College Dublin (UCD) and completed a head and neck fellowship in Toronto in 1998. Aongus was a very valued member of the UCD School of Medicine.

An Update

What is Vito Forte up to?

He is the Program Liaison Officer of the Innovation, Hammer and Nails program which connects Institute of Biomaterial & Biomedical Engineering students with medical staff at SickKids “to design solutions for challenges identified by experts at the Hospital”.

See: <http://www.ibbme.utoronto.ca/?s=hammers+and+nails>
<http://www.ibbme.utoronto.ca/community/innovation-hammer-nails/>

Can you Guess??

**The year is 1990.....
Any guesses who all
these handsome young
men are?**
