Otolaryngology - Head & Neck Surgery
UNIVERSITY OF TORONTO

COURSE DESCRIPTION

The Annual Otolaryngology Update is a one-day conference geared toward practicing otolaryngologists, allied health professionals, and trainees who wish to enhance their knowledge on various topics spanning the different subspecialties of otolaryngology. A program committee uses divisional input and needs assessment to develop a program that reflects the current key areas of otolaryngology — head & neck surgery. The material will be presented via didactic lectures, followed by audience participation in question and answer sessions along with panel discussions.

COURSE OBJECTIVES

After active participation in this update meeting, participants will be able to:

- Analyze the current controversies and differing approaches in the management atypical mycobacterium in children
- Discuss evidence-based approaches for managing tracheostomy-related complications
- Review the key surgical techniques and discuss the challenges and solutions in septorhinoplasty
- Examine the latest surgical innovations and biologic therapies in the field of rhinology
- Review the current treatment pathway for well differentiated thyroid cancer by Cancer Care Ontario
- Evaluate and manage patients presenting with Meniere's disease with the most up-to-date Cochrane review evidence
- Plan and execute local flaps in the reconstruction of head/neck skin defects

REGISTRATION AND PAYMENT

Disclosure

Speakers and Planning Committee members will be requested to disclose any real or apparent conflict(s) of interest that may have a direct bearing on the subject matter of the program.

Accreditation

Continuing Professional Development (CPD), Faculty of Medicine, University of Toronto, is fully accredited by the Committee on Accreditation of Continuing Medical Education (CACME), a subcommittee of the Committee on Accreditation of Canadian Medical Schools (CACMS). This standard allows CPD to assign credits for educational activities based on the criteria established by The College of Family Physicians of Canada, and the Royal College of Physicians and Surgeons of Canada. As a result of a reciprocal agreement between the Royal College of Physicians and Surgeons of Canada, The American Medical Association, and The European Union for Medical Specialists, CPD is permitted to assign respective credits.
