	<b>EPAs Mapped to this rotation:</b>	<b>Total # of Entrustments</b> expected, or encouraged, on <i>this</i> rotation.
1.	Providing post-operative management (OHNS-COD-1)	2
2.	Managing an inpatient surgical service (OHNS-COD-2)	2
3.	Providing emergency surgical management for patients with acute airway problems (OHNS-COD-5)	4 (2 for Part A and 2 for Part B)
4.	Assessing and managing patients with non-neoplastic salivary disorders (JC) (OHNS-COD-7)	4 (2 for Part A and 2 for Part B)
5.	Providing surgical management for patients with chronic airway obstruction (OHNS-COD-17)	4 (2 for Part A and 2 for Part B)
6.	Assessing and managing patients with mucosal squamous cell carcinoma of the head and neck (OHNS-COD-19)	4 (2 for Part A and 2 for Part B)
7.	Assessing and managing patients with disorders of the thyroid glands (JC) (OHNS-COD-20)	4 (2 for Part A and 2 for Part B)

	<b>EPAs Mapped to this rotation:</b>	<b>Total # of Entrustments</b> expected, or encouraged, on <i>this</i> rotation.
8.	Providing surgical management of uncomplicated patients requiring a superficial parotidectomy (SC) (OHNS-COD-22)	4 (2 for Part A and 2 for Part B)
9.	Assessing and managing patients with benign or malignant skin lesions of the head and neck (JC/SC) (OHNS-COD-25)	4 (2 for Part A and 2 for Part B)
10.	Assessing adult and pediatric patients with hearing loss and providing an initial management plan, both surgical and non-surgical (JC/SC) (OHNS-COD-29)	4 (2 for Part A and 2 for Part B)
11.	Assessing patients with balance disorder/vertigo and providing initial management plan both surgical and nonsurgical (JC) (OHNS-COD-30)	2

	<b>Other assessments during this rotation:</b>	<b>Tool Location / Platform (e.g. POWER, Entrada):</b>
1.	ITAR	POWER
2.	Operative Log	Excel Workbook

	<b>Key Objectives for this Rotation:</b>	<b>CanMEDS Role(s):</b>
1.	Recognize and respect the expertise and roles of allied health professionals such as speech language pathologists, audiologists, technicians, nurses, and clerical staff.	Collaborator
2.	Recognize and respond to opportunities for advocacy within Otolaryngology, both for your patients as well as for the community in which we practice (e.g., smoking cessation, alcohol consumption, HPV vaccination).	Health Advocate
3.	Demonstrate familiarity with the indications for common and advanced otolaryngology-head and neck surgical procedures as well as the risks and benefits for each.	Medical Expert
4.	Take a relevant, appropriately-detailed history from a patient presenting for vestibular/dizzy assessment.	Medical Expert
5.	Perform a detailed, thorough examination of the vestibular system.	Medical Expert
6.	Demonstrate familiarity with the following: fine needle aspiration of thyroid/neck mass, thyroidectomy and parathyroidectomy, and neck dissection.	Medical Expert
7.	Assess and stage malignancies of the head and neck.	Medical Expert
8.	Demonstrate an approach to post-operative complications seen in head and neck oncology/endocrine patients, including management.	Medical Expert
9.	Harvest split and full-thickness skin grafts.	Medical Expert
10.	Effectively assist at major reconstructive surgical procedures (e.g. harvest of pedicled flap or free tissue transfer).	Medical Expert
