- AND MORE!

Otolaryngology - Head & Neck Surgery
UNIVERSITY OF TORONTO

COURSE DESCRIPTION

This course is designed for the practicing otolaryngologist who wishes to enhance his or her knowledge of various topics spanning the different subspecialties of otolaryngology – head & neck surgery. The material will be presented via panel discussions with audience questions through zoom on the management of interesting cases.

COURSE OBJECTIVES

After active participation in this update meeting, participants will be able to:

Discuss the workup and management of common congenital neck masses

Consider the different treatment options for patients with endocrine tumours of the head and neck

Describe the current management of hoarseness in patients with a normal exam

Become familiar with the up-to-date EPOS guidelines for chronic rhinosinusitis and nasal polyps

Assess and treat patients with in-office otology procedures

To recognize the diagnostic and therapeutic challenges of head and neck skin cancer treatment

Dr. V. Lin
- 15:25 **MEETING ADJOURNMENT**

Program is based on a minimum of 25% of time allowed for questions and answers.

REGISTRATION AND PAYMENT

Disclosure

Speakers and Planning Committee members will be requested to disclose any real or apparent conflict(s) of interest that may have a direct bearing on the subject matter of the program.

Accreditation

Continuing Professional Development (CPD), Faculty of Medicine, University of Toronto, is fully accredited by the Committee on Accreditation of Continuing Medical Education (CACME), a subcommittee of the Committee on Accreditation of Canadian Medical Schools (CACMS). This standard allows CPD to assign credits for educational activities based on the criteria established by The College of Family Physicians of Canada, and the Royal College of Physicians and Surgeons of Canada. As a result of a reciprocal agreement between the Royal College of Physicians and Surgeons of Canada, The American Medical Association, and The European Union for Medical Specialists, CPD is permitted to assign respective credits.
